

Thomastown Meadows Primary School

Student Child Safety Code of Conduct

Grade 3/4

At school we all have the right to feel **safe**. This means that we are happy, comfortable and not in danger of being hurt (emotionally-how I feel after someone has said or done something to hurt my feelings or physically-my body has been hurt, this means we keep our hands and feet to ourselves) by another person.

At our school everyone has the right to **say something or tell someone** when they are not feeling safe, respected and comfortable.

At our school we treat others with **respect**. This means we respect each other's cultures, abilities and bodies.

At our school there are **steps that we take** and **supports** in place to help us when we are not feeling safe.

We follow our School Values- **Honesty, Cooperation, Confidence, Resilience and Respect** and our classroom **rights and responsibilities**.

We also know that our school is a **bully free zone**.

At our school all staff, people who help, parents and friends are responsible for the **safety and wellbeing** (health and happiness) for all students.
