Policy

There are many occasions during the school year where Thomastown Meadows PS staff photograph, film or record students participating in school activities or events, for example classroom activities, sports events, whole school events, concerts, excursions, camps.

We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning journey/camps/excursions/sports events, communicate with our parents/carers and school community in newsletters and on the School's official social media accounts. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that Thomastown Meadows PS has in place for the collection, use and disclosure of images of students to ensure compliance with the Privacy and Data Protection Act

Consent

The Photographing, Filming and Recording Students Consent Form is provided by Thomastown Meadows PS at enrolment. This form applies to standard uses of images for the time your child attends the school. Standard uses are defined in the following sections.

For non-standard uses, where consent is required, parents/carers will be sent a consent form for that specific situation. Thomastown Meadows Primary School will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If at any time parents/carers wish to withdraw their consent, they can by contacting Thomastown Meadows Primary School on 9466 1810 or via email at thomastown.meadows.ps@education.vic.gov.au.

If consent is withdrawn verbally, the school will make a written record of this. However:

- the school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

Closed Circuit Television (CCTV)

Parent or carer consent is not required for a school to install CCTV. However, Thomastown Meadows PS will inform the school community of the intention to install a CCTV through appropriate channels such as: a newsletter article; a statement on the school website; posted material within the school grounds. Installation of CCTV will be done in accordance with the department's CCTV Installation and Management Policy.

Official school photographs may be:

- purchased by parents/carers
- used for school identification cards and student identity verification letters
- stored on CASES21 for educational and administrative purposes.

Thomastown Meadows PS will notify parents/carers in advance of the official school photographs being taken to give them an opportunity to decide whether their child will be included in the photographs.

Parents/carers who choose to opt out of having their child participate in official school photographs must contact Fiona Rosa, Principal, on 9466 1810 before the date photos are scheduled to be taken to advise that their child will not participate. There is no obligation on any parent or carer to purchase any photographs taken. However, the school will need to discuss with these parents/carers alternative arrangements for identifying students in emergencies and for other essential purposes.

Images to manage student behaviour or fulfil our school's legal obligations, including child safety

On occasion, it may be necessary for school staff to photograph, film or record students and/or use images to fulfil legal obligations, including to:

- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

Thomastown Meadows PS does not require or obtain consent from parents/carers or students to photograph, film or record students, or to use these images, for these reasons. However, when Thomastown Meadows PS photographs, films or records a student for any of these purposes, staff will only collect and use such images in a way that is necessary, reasonable and appropriate in the circumstances.
